

## TO FIGHT FOR SILVER ON THE OLD BASIS

### NEW NATIONAL PARTY IN THE FIELD.

**Independent Action Decided Upon By the Friends of the White Metal—National Convention Will Meet the Same Day as the Populists—Brief Political Notes.**

Washington, Jan. 24.—The silver conference Thursday decided to put a national ticket in the field for the approaching presidential campaign. The national convention is to be held at St. Louis July 22, the same day as the meeting of the Populist national convention. Senator Jones of Nevada, from the committee on resolutions, presented the following declaration of principles:

"The paramount issue at this time in the United States is indisputably the money question. It is between the gold standard, gold bonds, and bank currency on the one side and the bimetallic standard, no bonds, and government currency on the other.

"On this issue we declare ourselves to be in favor of a distinctive American financial system. We are unalterably opposed to the single gold standard, and demand the immediate return to the constitutional standard of gold and silver, by the restoration by this government, independently of any foreign power, of the unrestricted coinage of both gold and silver into standard money, at the ratio of 16 to 1, and upon terms of exact equality, as they existed prior to 1873; the silver coin to be a full legal tender, equally with gold, for all debts and dues, public and private.

"We hold that the power to control and regulate a paper currency is inseparable from the power to coin money; and hence that all currency intended to circulate as money should be issued, and its volume controlled, by the general government only, and should be legal tender.

"We are unalterably opposed to the issue by the United States of interest-bearing bonds in time of peace, and we denounce as a blunder worse than a crime the present treasury policy, concurred in by a Republican house, of plunging the country in debt by hundreds of millions in the vain attempt to maintain the gold standard by borrowing gold; and we demand the payment of all coin obligations of the United States, as provided by existing laws, in either gold or silver, at the option of the government and not at the option of the creditor."

The resolutions closed with the following appeal to the people:

"Resolved, That, over and above all other questions of policy, we are in favor of restoring to the people of the United States the time-honored money of the constitution—gold and silver; not one, but both—the money of Washington and Hamilton, and Jefferson and Monroe, and Jackson and Lincoln, to the end that the American people may receive honest pay for an honest product, the American debtor pay his just obligations in an honest standard, and not in a standard that is appreciated 100 per cent above the great staples of our country; and to the end, furthermore, that silver-standard countries may be deprived of the unnatural advantage they now enjoy in the difference in exchange between gold and silver—an advantage which the tariff legislation alone cannot overcome.

"We therefore confidently appeal to the people of the United States, that, leaving in abeyance for the moment all other questions, however important, even momentous, they may appear, and sundering, if need be, the former party affiliations, they unite in a supreme effort to free themselves and their children from the domination of the money power—a power more destructive than any which has ever been fastened upon the civilized men in any race and in any age. And upon the consummation of their desires and efforts we invoke the gracious favor of Divine Providence."

The following is the report of the committee on organization: "That a convention of the qualified voters of the United States who believe in the principles this day enunciated by this conference, and who are willing to subordinate party allegiance and fealty to those principles, and to support the nominees of the national convention provided for by this conference, shall be held at the City of St. Louis, Mo., on the 22d day of July, A. D. 1896, at the hour of 12 o'clock noon. That the apportionment to such convention shall be one delegate for each senator and representative in the United States congress from the several states, and one delegate for each delegate in congress from the several territories, and additional delegates for the several states and territories based upon the silver strength as ascertained from the American Bimetallic Union.

"That this conference appoint a provisional national committee, consisting of one member from each state and territory, said committee to possess all powers usually possessed by national committees of political parties; said committee to serve until the holding of said national convention; said committee or a portion thereof appointed by this conference shall have full power to fill all vacancies, whether from the failure of this conference to appoint a full committee or from death, resignation, or otherwise. Said committee shall

have its headquarters in the city of Washington, D. C.

"The mode of selecting delegates to said national convention shall be as prescribed by the national committee, subject to the following regulations: "All delegates shall be elected at public convention or at public meetings, to be held either in the several states at large or in the several counties or districts of such states, as the national committee may prescribe.

"No person shall be eligible as a delegate to any such convention or meeting, or shall sit as a delegate in said national convention, who is not in favor of the declaration of principles this day enunciated by this conference, and who is not willing to subordinate party allegiance to the advancement of such principles, and to support the nominees of said convention.

"The national committee shall proceed at once to organize the several states and territories for the success of this movement."

Dr. J. J. Mott of North Carolina was unanimously elected chairman of the national executive committee. A committee on finance—one from each state—was also elected. After a number of other speeches the silver conference adjourned.

### BANKERS TO GET BONDS.

**New and Powerful Syndicate Said to Have Been Formed.**

Washington, Jan. 24.—What was practically notice of the formation of a new syndicate to bid for the coming issue of United States bonds came in an unofficial way from the offices of J. P. Morgan & Co. in New York yesterday. The news was general that the chance of the success of the public loan was much jeopardized by the shortage of money throughout the country, owing to the general locking up of funds by banks and other similar institutions, and that a move was on foot to put the success of the loan beyond question by a combination of bankers in New York. The plan is for the syndicate to make a bid for about \$40,000,000 at a price to be fixed at the last moment. Then the individual members will bid further, each on his own judgment as to price, for a further sum of about \$40,000,000. This last, when allotted, is to go into a pool, so that any that may be left out may still get some of the bonds, and thus all those in the deal will start even in the race for selling the securities.

### DEMAND OF REPUBLICANS.

**Silver Senators Sign a Declaration of Their Principles.**

Washington, Jan. 24.—The Republican silver senators have signed a declaration which is intended to be used in the coming campaign as the demand which the silver men will make for a plank in the Republican national convention. In the preamble it is recited that the present financial system endangers the industrial prosperity of the United States, which is threatened by China and Japan as a result of the decrease in the value of silver and the difference in exchange between silver and gold-using countries.

It is therefore resolved that the signers favor the free and unlimited coinage of silver at a ratio of 16 to 1 for the purpose of obliterating this difference of exchange, which is declared to operate as a bounty on the export of products from silver-using countries to gold-using countries. It is also resolved that they favor a tariff which shall equalize the difference in the cost of labor between this country and the countries of Europe and Asia.

### GERMANY'S POSITION.

**Government's Attitude on Silver to Be Soon Explained.**

Berlin, Jan. 24.—In the reichstag yesterday Dr. Theodore Barth, Radical Unionist, asked Chancellor Hohenlohe if the government could make a statement regarding the plan for summoning an international monetary conference, which the federal governments have been considering.

The prince replied that he was not in position to give any information, but he hoped to be able to state shortly the attitude of the federal governments relative to the resolution adopted by the reichstag last February, which summoned another international conference on the currency question and instructed the federal governments to issue invitations for an international monetary congress to take action for the rehabilitation of silver as a circulating medium.

### Trouble Threatened at Jackson's Hole.

Helena, Mont., Jan. 24.—Private advices received here by letter are to the effect that the Indians in Jackson's Hole are commencing to grow restless, and trouble of a serious nature is daily expected. The Indians are said to be well armed and a general uprising is looked for. The Indian leaders are Big Neck, Sagawnee, Big Horse, and Red Bear.

### American Chess Champion Third.

St. Petersburg, Jan. 24.—In the international chess tournament yesterday Lasker, by drawing a game with Pillsbury and thereby increasing his total wins to eleven, a total which none of the other competitors can reach, won the first prize. The American champion will finish third.

### Coplinger Wins His Fight.

Washington, Jan. 24.—The senate committee on military affairs has decided unanimously upon a favorable report upon the nomination of General Coplinger to be brigadier general. He has been strenuously opposed by the American Protective association.

## ITS WORK FINISHED AND MEMBERS GONE

### MANUFACTURERS' CONVENTION ADJOURNS.

**Theodore C. Search Elected President—Special Bureau of Trade at Washington Is Advocated—The Resolutions—Next Convention To Be Held at Philadelphia.**

Chicago, Jan. 24.—Thursday was the field day of the National Manufacturers' Association, and a final adjournment of the convention was not reached until well along in the afternoon. Many resolutions were adopted, including one calling for a new cabinet office at Washington—that of the Department of Manufactures.

At the opening of the convention, as President Dolan was not able to be present, Theodore C. Search of Philadelphia was made chairman pro tem. And immediately afterward he was announced by the nominating committee as their unanimous choice for the permanent occupant of that office, inasmuch as the president had positively declined a formal proffer of re-election. Mr. Search was acclaimed president amid much enthusiasm. On taking the chair he made a long and able address.

The association's new chief executive is the president of the John B. Stetson Hat Company, the biggest hat company in the world.

The following resolutions were reported by Mr. Fish, chairman of the committee on resolutions:

"Resolved, That the National Association of Manufacturers of America respectfully and earnestly petition the congress of the United States to authorize and direct the interstate commerce commission to prepare, or cause to be prepared, at the earliest possible time a classification of freight, which shall be uniform throughout the United States, and to order the same to be put in effect Jan. 1, 1897, on all the railroads in the United States engaged in interstate commerce.

"Resolved, That it is the sense of this convention that a department of manufactures be established under a secretary of equal rank with secretary of agriculture.

Whereas, Certain state laws impose upon so-called foreign corporations created by the authority of other states conditions sometimes severe and often inequitable, upon which alone the said corporation may do business in the states having such laws in operation,

Resolved, That the executive committee be requested to consider what action, if any, should be taken to prevent such obstruction of traffic between the states of this union.

Whereas, The revenue of the federal government is not sufficient to meet its necessary and proper expenditures; therefore,

Resolved, By the National Manufacturers' Association of the United States, in convention assembled at Chicago, Jan. 22, 1896, that the senate of the United States be earnestly requested to pass promptly and send to the President the emergency revenue bill which was adopted by the house of representatives.

Resolved, That a copy of this resolution be forwarded by the secretary to every member of the senate.

An amendment was put as follows by H. L. Storey of California, seconded by Mr. Holmes of Omaha: "That we but voice the agricultural sentiment of the great West and of the South as well when we insist that congress treat domestic sugar as it does wool and all other agricultural products, and we demand for the beet and cane sugar industries fair legislation and liberal encouragement." Thus amended, the resolutions were adopted.

Committee Chairman French introduced the following as offered by Mr. Martin of Atlanta:

"Whereas, One of the primary stated objects of this association is the promotion of trade relations with Spanish and Latin-American republics, and

"Whereas, A strongly indorsed movement has been made looking to the establishment in the City of Mexico, with the co-operation of the Mexican government, of an industrial exposition, permanent or otherwise, therefore be it

"Resolved, That the president of the association be empowered to appoint a committee of three to investigate the practicability of such an exposition, and to report its decision to the executive committee, and with this information in hand the executive committee shall take final action regarding the matter." The resolution was adopted.

W. P. Wilson introduced a resolution to more thoroughly organize the consular service on a commercial basis, so as to compete with England, France, Belgium and Germany, and calling congress to provide for a complete consular inspection in order to make it as efficient as possible.

On motion of Mr. Fish the date of the next convention was left to the executive committee. It will be held at Philadelphia.

### Have Not Sold Delagoa Bay.

Lisbon, Jan. 24.—In the chamber Captain Ferreira d'Almeida, Minister of Marine and of the Colonies, declared that the report of the sale of Delagoa Bay to Great Britain was unfounded.

Paris, Jan. 24.—It is announced that by the terms of a treaty signed Jan. 18 the Island of Madagascar is declared a French possession.

## WASHINGTON NEWS IS LESS STIRRING

### PROCEEDINGS IN SENATE AND HOUSE.

**The Monroe Doctrine, Tariff and Finance Discussed in the Former—Question of Rules in the House—There Is Now Hope That the Dead Lock Is Over.**

Washington, Jan. 24.—The three subjects most prominently before the public—the Monroe doctrine, finance, and tariff—each came in for consideration in the senate yesterday.

Mr. Daniel of Virginia spoke for two hours in support of a vigorous upholding of the Monroe doctrine as applicable to Venezuela. Mr. Dubois of Idaho dealt with the silver phase of the financial question and Mr. Warren of Wyoming pointed out the disastrous effects of the tariff legislation of the last congress on farm products in general, and on wool in particular. Aside from these speeches, the day developed little of importance.

The president submitted during the day the report of the secretary of state concerning the treatment of American citizens in Turkey.

Mr. Jones (Ark.) sought to secure unanimous consent for a vote on the pending bond silver bill next Thursday, but at the request of senators he withdrew his request until today, when he will again seek to fix a time for closing the protracted debate on the bond silver measure.

Mr. Mills (dem., Texas) introduced a bill in the senate to repeal the refunding act of 1870, and the specie payment resumption act of 1873. Mr. Mills said he would call up this bill today, and seek a vote on it.

A resolution offered by Mr. Perkins of California was agreed to requesting the secretary of the interior to furnish information as to the extent of the illicit traffic in liquor in Alaska, and to suggest remedial legislation.

Mr. Vilas (dem., Wis.) reported favorably a bill to prevent the carrying in the mails of obscene literature from one state or territory to another.

Mr. Call of Florida offered the following: "Resolved, That a special committee of seven senators shall be appointed, who shall be charged with the duty of inquiring into the imprisonment of Eugene V. Debs for an alleged contempt of court and who shall report to the senate and recommend such legislation as may be necessary for the enforcement of the law and protection of citizens from arbitrary and oppressive exercise of judicial power." Mr. Call said he would call up the resolution today.

At 5 o'clock the senate went into executive session and confirmed nominations.

### TO BREAK THE DEADLOCK.

**Hope the Trouble Over the Silver and Tariff Bill Is Nearly Ended.**

Washington, Jan. 24.—The Republicans in the senate hope that the present deadlock over the silver and tariff bill is nearly at an end. It is only an indistinct hope, however, with them, for the Republicans do not control the senate, and cannot control it even when the two new senators from Utah and one from Delaware are seated. With all that additional strength they will have but one-half the senate when it comes to dividing on ordinary party lines, and when a division occurs on anything in which the silver interests are in any way affected they will have far less than one-half of the membership of the senate. So it is only in the form of a hope that they are able to look upon the possibility of ending the deadlock produced by these two measures and getting them off the calendar.

Senator Jones of Arkansas, who is in charge of the free-coinage substitute for the bond bill, said last evening that he should ask for a vote on the measure on Thursday of next week. By that time the Utah senators will be in their seats, and the silver men will thus have two additional votes. The Utah members are expected to stand in line for silver. Whether they will be able to pass the free-coinage substitute for the bond proposition is still uncertain. There are a good many Democratic senators who feel that the bond bill ought to pass, and some of the less extreme silver men on the Republican side are also of that opinion. So the silver men, although they have a strong majority in the senate, are not absolutely confident that they will be able to pass the free-coinage substitute. There is reason to hope that when the bond silver bill is out of the way Senator Jones of Nevada will permit the tariff bill to come out of the committee and be taken up in the senate. He is holding it there now by his refusal to agree to it without the increase in the sugar duty, but there is good reason to believe that he will not insist in keeping it in the committee indefinitely on this account.

### House Discusses Rules.

Washington, Jan. 24.—The House agreed to adjourn from Thursday until Monday (except that the usual Friday night private pension session be held) and then took up the question of rules for the present congress where consideration was postponed about ten days ago. The House was then on the Tucker rule to bring members to the bar of the House and count them, instead of following the Reed plan of having the speaker count a quorum.

Mr. Henderson (Rep., Iowa), from the rules committee, reported the Tucker

rule with some modifications. A debate of over two hours followed, participated in by Messrs. Dearmond (Mo.), Bailey (Texas), Powers (Vt.), Grow (Pa.) Gibson (Tenn.), and Dalzell (Pa.). Mr. Crisp then offered the rules of the Fifty-third congress as a substitute for the rules adopted. His motion was voted down without division, after which, at 4:35 p. m., the House recessed until today at 8 p. m.

### WOMAN SUFFRAGISTS.

**Large and Enthusiastic Gathering at Washington Yesterday.**

Washington, Jan. 24.—At 10 o'clock yesterday the twenty-eighth annual convention of the National American Woman's Suffrage Association was called to order by Miss Susan B. Anthony. The edifice was crowded in every part by representative women from each of the states and territories, and the clapping of hands and waving of handkerchiefs that greeted the pioneer of the equal rights movement continued for several minutes. After the call of the roll of states for

SUSAN B. ANTHONY.

names of delegates, the call for the convention, which, on account of the severe criticisms passed upon it by Bishop Doane, of New York, and President Eliot, of Harvard University, has attracted widespread attention, was slowly and deliberately read by Mrs. Blackwell. It said in part: "We seek the support of all those who desire the physical, intellectual and moral improvement of mankind. If this convention shall promote in any degree freedom of thought and action among women; if it shall incite them to higher aspirations; if it shall advance by a few steps just legislation and a wise public sentiment; if it shall hasten the recognition of the justice of woman's claim to equal political rights with man, it will not have been in vain."

After the appointment of committees and brief addresses of tribute to workers who had died during the last year Rachel Foster Avery, of Philadelphia, corresponding secretary, made her annual report, which was most favorable to the order and to the progress, made during the past year. The convention then adjourned until 8 o'clock when Miss Anthony delivered her annual address and Rev. Anna Howard Shaw made an address of welcome to the delegates from the new state of Utah.

### RUSSIA WITH TURKEY.

**Offensive and Defensive Alliance said to Be Established.**

London, Jan. 24.—A dispatch to the Pall Mall Gazette from Constantinople, dated Wednesday, says an offensive and defensive alliance has been concluded between Russia and Turkey. The treaty was signed at Constantinople and the ratifications were exchanged at St. Petersburg between Aaref Pasha and the czar. The basis of the treaty is declared to be on the lines of the Unkar-Skelessi agreement of 1833, by which Turkey promised, in the event of Russia going to war, to close the Dardanelles to warships of all nations.

Dispatches to the Daily Telegraph from Vienna and Paris deny the report printed in the Pall Mall Gazette of an offensive and defensive alliance between Russia and Turkey. Officials of the foreign office say they have no information regarding the reported alliance.

### To Restrict Coal Production.

New York, Jan. 24.—Since last July the figures of the production of coal congress to take action for the rehabilitation of the industry it was found that the unprecedented output of 46,545,761 tons had been mined in 1895. The largest previous total was 43,089,536 tons, in 1893. At a meeting of anthracite coal presidents yesterday it was decided to appoint a committee to reduce the output.

### Boers Will Be Merciful.

Washington, Jan. 24.—In response to an inquiry from Secretary Olney as to the measures taken to protect the Americans arrested in the Transvaal in connection with the late uprising, Ambassador Bayard has cabled that, according to his present information, uniform, humane and indulgent personal treatment is being extended to all persons, including Americans, by the Boer government.

### Core Values Examination.

Waukegan, Ill., Jan. 24.—Daniel Core, who on Wednesday shot and killed John Dillon by mistake for Joseph Backer, had a preliminary hearing before Justice Heath. After a few witnesses were heard he waived examination, and was held to the March grand jury without bail. While in court he was loud in his declaration that he was not crazy, and that the case should not be tried on that supposition.

## DARIEN FACTORY BURNED AT DAWN

### CREAMERY JUST ACROSS THE WALWORTH LINE.

**Loss Reported to Be About \$5,000, And Insurance About One Half—Cool Headed Boy Averts a Panic Among 500 School Children in An Omaha School.**

Elkhorn, Jan. 24.—The butter and cheese factory at Darien owned by the Wisconsin Cheese Company was burned early this morning. The loss is five thousand, and the insurance covers about half of the loss.

Omaha, Neb., Jan. 24.—A fire in the three-story Dodge Street school building, in which 500 children were reciting yesterday afternoon, created a panic. Several children fainted, though all escaped without any serious injury. That a catastrophe of great magnitude was averted is due to the heroic conduct of Offie Downs, a 14-year-old boy, whose duty it is to beat the drum which keeps the scholars in line in emergencies. As soon as the alarm was given he hurried down to the principal's office, got his drum, and, stationing himself near the door, pounded out the time, while the children marched away. Hundreds started with a rush until the drum checked them.

### ARMENIAN RESOLUTIONS.

**Foreign Affairs Committee Will Report to the House Monday.**

Washington, Jan. 24.—Thursday's meeting of the house foreign affairs committee did not deal with any of the several delicate questions before the committee, except the Armenian massacres. In response to the overwhelming demand from religious and other organizations, resolutions, in some respects patterned after those before the senate, were adopted, and Mr. Quigg was directed to report them to the house. Nothing was done about Ambassador Bayard's two speeches, because Mr. Dinsmore of the subcommittee in charge of that matter asked for a postponement. The Armenian resolution will be reported to the house by Mr. Quigg Monday. Its tone is somewhat milder than that of the senate resolution.

### Manitoba Will Not Yield.

Winnipeg, Man., Jan. 24.—The opening of the new Manitoba legislature, called for yesterday, has been postponed until Feb. 6. Attorney General Sifton, who returned to the city yesterday, says that there is no indication that any legislation affecting the school law will be introduced this session. Manitoba, he said, would stand firm in her determination to administer her own educational laws, despite interference by the dominion government.

### Formal Call Issued.

Terre Haute, Ind., Jan. 24.—The call of the People's party for the national convention which is to meet in St. Louis July 22 has been issued. Each state is given one delegate for each senator and congressman, and one additional delegate for each 2,000 votes cast for the Populist candidates in 1892, 1894, or 1895, the highest vote controlling. The call is signed by H. E. Taubeneck, chairman; J. H. Turner, secretary; Lawrence J. McParlin, secretary, and M. C. Rankin, treasurer.

### Must Be Guided by Us.

London, Jan. 24.—A dispatch to the Times from Washington, with reference to the so-called jingo argument that Venezuelans will never consent to the repeal of the statute which forbids the reopening of negotiations with Great Britain, says: "There is no public opinion in Venezuela which will survive the first plain notice from the United States that the republic must choose between accepting her advice, and arranging, as best she can, unaided, with Great Britain."

### Cannot Recognize Insurgents.

Washington, Jan. 24.—The reports that the state department or the president has contemplated action looking to the recognition of the Cuban belligerents seem to have been inaccurate. Consul General Williams is said to have indicated that so far the cause of the rebels does not justify recognition by the United States.

### Textile Manufacturers Adjourn.

Chicago, Jan. 24.—The textile manufacturers failed to materialize for their meeting yesterday afternoon at the Palmer house. Owing to the bad weather most of them left for home last night, and the conference is adjourned to meet at the call of the president next year.

### Insurgent Leader Killed.

Havana, Jan. 24.—The famous insurgent leader, Carlos Castillo, according to advices received here from the Province of Santa Clara, has been killed in an engagement with the Spanish troops.

### Postal System to Be Extended.

Washington, Jan. 24.—Postmaster General Wilson has issued a general order providing that in all cities and towns having free delivery postal service, the postal system should be extended to include house-to-house collection.

## ATTORNEY M'ELROY SPOKE AT MILTON

HE LECTURED IN THE COL-  
LEGE COURSE.

Subject Was the "Stone Age" And  
Was a Most Interesting and In-  
structive Effort—Milton's Teachers'  
Club—To Celebrate Washington's  
Birthday—Other County News.

Milton, Jan. 24.—The third lecture of the college course was to have been given Tuesday evening by Hon. L. B. Caswell of Ft. Atkinson, but word was received Monday that he would be unable to be present. He will probably appear later in the course. The college was exceedingly fortunate in securing in his place, Mr. Horace McElroy, of Janesville, who delivered his interesting lecture, "The Stone Age." Mr. McElroy is a successful lawyer of Janesville, having practiced there about twenty years. For pastime he has studied the evidences of primitive man as shown by the implements of the stone age. He has a very fine collection which he himself has picked up. He is well informed and presented his subject with excellent style. Mr. McElroy opened his lecture by reading a short quotation from Tourgueniev, the Russian writer, which was an appropriate introduction to his subject. The stone age may be divided into two periods, the paleolithic or rough, and the neolithic or polished. The stone arrowheads, axes, and other implements can easily be judged to be under one or the other of these periods by the amount of workmanship put on the weapon.

What the Forms Indicate.  
The question may be asked, what is the age of these implements? We can merely say we do not know. On the bank of the Nile there is an instrument called the nilometer, which registers the amount of deposit caused by the annual overflow of that river. Now this annual deposit or stratum on the plains of the Nile is and has been nearly the same each year. On this basis we find that the pavement of the ancient city of Memphis was buried 13,000 years ago. Below this pavement are found the stone implements of the primitive man. In looking over a collection of these curious objects, a person at first sight would say: "This one was used on an arrow, this was used for an ax, this for scraping," and so on, whereas perhaps any one of them was used for all three purposes and more besides. Different forms would rather indicate the tastes of the different owners. The lecturer showed some very fine polished specimens which were found under the streets of Janesville, and which he claimed had been badges showing the rank of some chieftain.

Milton Teachers' Club.  
Minutes of the first session of the Milton Teachers' Club: 1, call to order by Superintendent Thorne; 2, singing, "Long, Long Ago," by the Teachers' Club; 3, on motion by Principal J. B. Borden, P. L. Clarke was chosen secretary; 4, Superintendent Thorne announced that Miss Rogers, who was to give an article on "Geography," could not be present on account of illness, and she had secured Prof. Upham as her proxy. Prof. Upham was then introduced and gave an interesting talk on the subject of "Erosion"; 5, five minutes recess; 6, singing, "The Night is Hushed and Still," mixed quartet—Misses Jessie and Susie Davis and Messrs. Whitford and Van Horn; 7, paper, "Primary Arithmetic," Mrs. Esther Cole; 8, the paper was discussed by Miss Millar, Miss Merrifield, Principal Borden, Prof. Upham and Principal Clarke; 9, singing "America," Teachers' club; 10, paper, "Some Things We Need in District Schools," Joseph Palmer; 11, the paper was discussed by Mr. Wells, Mr. Palmer, Miss Jackson, Principal Clarke and Supt. Thorne; 12, singing, "Love's Message," quartet; 13, adjourned to meet in one month at Milton Junction.

DEATH'S FELL WORK AT FAIRFIELD  
Mrs. W. H. McCarthy Bereft of Husband and Children.

Fairfield, Jan. 24.—After a heroic battle with that dread disease consumption, William H. McCarthy passed peacefully to rest Saturday noon, January 18, 1896, aged thirty-two years. A wife, mother, father, two sisters and three brothers, are left to mourn a kind, affectionate husband, son and brother. Mr. McCarthy was an industrious, upright young man, respected by all who knew him. The funeral, which was one of the largest ever held in this vicinity, occurred on Monday afternoon at the home of his father, M. McCarthy. Rev. White preached the sermon, and the Modern Woodmen of America conducted the burial at Darien. Much sympathy is expressed for all the friends, especially the wife, who has been called upon to part with two children and her husband in less than three years. David Dykeman is taking treatment of Dr. Rood for the removal of a cancer. Miss Lura Seaver still continues very ill. Charles Hoffman was quite severely hurt while chopping trees, a large one falling on him. He is improving at the present writing. The person who stole the whiffletrees from A. D. Clark will please return the same without further trouble. Mrs. J. C. Serle spent a part of last week with her children at Johnstown. Miss Rosa Lock entertained a company of her young friends very pleasantly last Friday evening.

A GOOD ICE CROP AT AFTON.

Fourteen Inches Thick and of Splendid Quality—C. & N. W. Business Light.

Afton, Jan. 24.—Splendid ice, fourteen inches thick, was taken from the mill pond here last Tuesday, and stored away in the ice house at the creamery, while those who have ice houses of their own likewise harvested their supply of the summer luxury. Freight traffic has greatly decreased on this line of the C. & N. W. R. Y., and the switch yards here are not taxed with a surplus of cars, as has been the case for a few months past. The next meeting of the Town Line Fortnightly club, which was to have been held at the residence of G. E. Franklin, has been changed and the society will meet at the home of A. C. Powers, Friday evening, January 31. All members will please note this change. Superintendent David Thorne, Frank P. Starr, J. B. Humphrey and U. G. Waite represented Afton at the Milton Junction Farm Institute this week, the two former named, having parts assigned them on the program. C. D. Mayhew, the new pastor of the Baptist church, is delivering some excellent discourses each Sunday. Make it a point to hear him.

JOHNSTOWN CENTER HAPPENINGS

Farmers Have Their Wood For The Year Hauled—Other News.

Johnstown Center, Jan. 24.—The mild weather and good roads has enabled people to get their year's wood. J. D. Spickerman, one of our prominent business men, has moved to DeAvan where he is engaged in the lumber business. Mrs. G. D. Hall spent a portion of last week in Brodhead with her brother, who is suffering from a cancer of the stomach. Herman Johns has purchased M. H. Morten's sawing outfit and is now prepared to saw at hard times prices. George Charlton, of Janesville, was in town Monday looking after stock. Superintendent David Thorne was in this vicinity Monday looking after the interest of the schools. Mrs. M. H. Morse, of Janesville, called on relatives and friends in town, Tuesday. Mr. and Mrs. James McGowan were happily surprised on the fiftieth anniversary of their marriage, Jan. 2, by a number of friends and relatives who presented them with several valuable presents.

SHE DIED AT LIMA CENTER.

Mrs. Elijah Barker Is Summoned To The Final Rest.

Lima Center, January 24.—Died, at her home in Lima, last Sunday, after a week's illness, Fanny, wife of Elijah Barker. All that loving hands and medical skill could do was done, but at the early age of twenty-one years and two months, the death angel claimed his victim and she went home to rest. She leaves her companion and little son, fifteen months old, besides many more distant relatives to mourn her loss. The funeral service will be held at the residence of Mr. Barker, Tuesday evening, at 8 o'clock.

## SALARIES TOO HIGH THE FARMERS SAY

OFFICE-HOLDERS PUT ON THE GRILL.

Milton Junction Convention Wants to Begin With Mr. Cleveland and Make a Clean Sweep—Prices Too High All Around—Money in Raising Chickens.

The money power gets none the best of it in the Milton Junction convention. One resolution adopted without a dissenting voice reads as follows:

WHEREAS, in the application of our assessment and tax laws, grave injustice is done to a large class of our worthy citizens; Therefore be it

RESOLVED, That all property both real and personal, should be assessed at its full present value.

RESOLVED, That such general laws should be made that in case of mortgages on real estate, the mortgagee shall pay a just proportion of the tax—that the tax shall be paid and applied where the property is located, that the holders of the deed shall pay the tax and receipt in full payment of interest on mortgage, and the tax receipt shall be his voucher to exempt said mortgage from assessment and taxation where the mortgage resides.

Resolutions were adopted opposing the Keeley cure law, declaring boggy and marshy lands to be worth more per acre than any other portion of the farm, favoring a sixteen foot gravel grade in the center of each road with sixteen feet of dirt grade and a four foot sidewalk on each side and opposing the commitment of criminals to the poor house.

Too Much Extravagance.

Frank Smook of Monroe, talked about "Some of the Causes Which Tend to Produce the Unequal Distribution of Wealth." Personal extravagance was partly to blame, he thought. They there was unjust taxation, bad legislation and rings or combines. Bad legislation was inevitable when but two assemblies in a state like Wisconsin refuse to accept a railroad bribe in the form of a pass.

"I have no more faith in a law maker who will take a railroad pass," he said, "than in a man who will take any other sort of a bribe."

The speaker favored greenbacks and said the men who would retire them were greater traitors than those who fired on the flag in 1861.

The Chicago stockyards came in for some vigorous denunciation. They were declared to be arranged to rob the producer at every turn.

Mr. Smook wanted official salaries reduced throughout the country. He wanted a beginning made in Washington and thought there was a chance for improvement in Madison.

Ezra Goodrich seconded his demand for economy, but said the demonizing of silver was the main thing farmers need to fight against. The silver debate ended in a hot interchange between Mr. Goodrich and F. M. Dyer.

Hens a Source of Profit.

James McGowan declared that no crop in the United States paid as well as the poultry crop when suitable accommodations were given. He described the various drawbacks to poultry raising. One of the most annoying was the red mite. He fought it by spraying his hen house every ten days with a strong solution of Paris green in tobacco water. C. K. Plumb said he had good luck with caustic potash. Mr. McGowan objected to potash because it gave chickens scaly legs. It was agreed that the English sparrow had done more than any other agent to spread the red mite.

Mr. McGowan talked for a few moments on bee keeping and insisted that here as well as in poultry culture there was good money.

Professor Swain of the state university discussed "Taxation" and other addresses were:

"Duty of the Farmer as an American Citizen," John Stockman, Harmony; "Dairying," O. P. Goodrich, from the State Farmers' Institute force, Prof. J. Coleman, Evansville; "Improvement of Public Highways," A. C. Powers, Beloit; "Best Method of Utilizing Corn Fodder," J. Auld, Janesville; Hon. Henry Tarrant, Janesville; "Construction of Farm Buildings," Prof. F. H. King, Madison.

There was also a discussion of the jury system and W. D. Hoard who was present made some well-turned remarks.

TAKES ISSUE WITH FARMERS

R. J. Richardson Thinks a Wool Tariff Selfish—He Scolds Agriculturists.

EDITOR GAZETTE—Several weeks ago the Rock county farmers convened at Milton. They are in convention again. Before going into convention each of them was sure that legislation was needed for the government of a people. After getting into session they were sure that that legislation should be such as would result in the greatest good to the greatest number. During the late session a resolution was passed asking our congressmen to favor and vote for putting a tariff on wool and increasing the tariff on other commodities. When I read of the adoption of this resolution I felt like saying and saying it aloud, "Father, forgive them, for they know not what they do."

The Rock county farmer boasts, and justly, too, of being par-excellent in thrift, intelligence and extended vision.

That they should advocate and favor legislation that would have for its object the increase of the price of any commodity that all of them are using and have to buy, while not one in twenty are producing, is an intelligent mystery, in connection with the wish that legislation surely should be for the greatest good for the greatest number.

Praying that Father will forgive them, as they know not what they do, I am yours, R. J. RICHARDSON.

UNCLE ALVIN IS COMING.

One Hundred and Eighty Laughs in One Hundred and Eighty Minutes.

Charles L. Davis, who appears at the opera house Wednesday, January 29, promises an average of a laugh a minute for three hours. "Alvin Joslin" is a play of which the public never seem to weary and it is as popular today as it was ten years ago. But notwithstanding the fact that "Alvin Joslin" is today one of the most valuable theatrical properties in America, Mr. Davis will abandon the play after this season, and retire to Pittsburg, Pa., where he owns that beautiful Alvin Theatre. Therefore, he announces this, with all truthfulness, to be his farewell tour.

## LEAF BUSINESS IS PICKING UP

The Janesville Market Begins To Be a Little More Lively.

Local leaf tobacco market conditions are a shade better than last week, and give evidence of further improvement, says The Janesville Leaf. There is only now and then a crop of '95 picked up, and at prices ranging from three to seven cents in the bundle, with fillers at one cent. J. A. Decker has been riding steadily during the past ten days, and has picked up all the new fillers he could get at one cent a pound, and has purchased liberally. S. B. Heddes reports the sale of fifty cases of '93 L. B. Carle, George Rumrill, Soverhill & Porter, F. S. Baines, J. Grundy and James Cleland are nibbling away at the '95, but display no eagerness to buy liberally. There has been a liberal business done in old leaf, both in buying from farmers and in selling to manufacturers.

With the report of an improvement in eastern markets, our dealers pick up their ears and are hoping for an improvement in this section ere the roses bloom again:

## IT INCREASES FLESH.

The New Dyspepsia Cure Does It.

## A Few Remarkable Instances.

Stuart's Dyspepsia Tablets, the new discovery which has made so many remarkable cures of dyspepsia and indigestion, has recently shown that it also has the effect of increasing the flesh and weight of thin, run-down people and invalids. This is done in a perfectly natural manner. The tablets by restoring perfect digestion cannot fail to increase the weight and general vigor because the first effect of perfect digestion, following the use of Stuart's Dyspepsia Tablets, is a vigorous appetite, then complete digestion and assimilation of food eaten, and the result is every muscle, nerve, ligament in the body is nourished and the increase in flesh is noticeable in some cases within a week after using the remedy.

Dr. Harlandson mentions many cases in his own practice where Stuart's Tablets were used an increase of flesh was very noticeable in each case. The doctor says: "Whenever I have a patient whose stomach is disordered, tongue coated, poor appetite and run-down condition my advice to such is to go to the nearest drug store and get a 50-cent package of Stuart's Dyspepsia Tablets, and the result will be the stomach will be set right, perfect digestion restored, all nervousness disappear and in many cases I have seen the weight increased 15 or 20 pounds. I recommend this remedy in preference to any other because it is not a secret patent medicine but is perfectly pure and wholesome, composed of vegetable essences, fruit salts, pure pepsin and bismuth, and can be given to delicate babies with benefit."

Another case is that of Miss Helen Sholes, of Nashville, who writes as follows: "Up to the fall of 1893 I had suffered from dyspepsia for nearly eight years. I was not sick in bed, but was so miserable, run down, discouraged and nervous that I might better have been in a hospital for any good I was to myself or others. For years I had been thin, pale and dyspeptic. Our good old family doctor did all he could for me, and finally advised me to try Stuart's Dyspepsia Tablets, telling me there was no risk in taking it because it was not a secret patent medicine, but every physician knew what the tablets contained. Acting on his advice I went to the drug store, bought half a dozen packages and before they were half gone I knew the right medicine had been found at last. I enjoy an appetite, strength and freedom from weakness that I had never known previously. I gained 18 pounds in weight and while I am not fat (I don't want to be) yet my friends say I am plump enough and any more flesh would be undesirable."

The one great thing about Stuart's Dyspepsia Tablets is that it can be taken with perfect safety, the formula being known to every physician. No wonderful secret patent medicine can compare with it. Think twice before you put something into your stomach you know nothing about, and if you are run down in flesh, have any trouble with the stomach or poor appetite ask your druggist for Stuart's Dyspepsia Tablets and take no substitute. If your druggist has not got them insist on his getting them for you, as they are sold by all wholesale druggists.

## FARMERS WHO THINK.

Rock county farmers think for themselves. The man who doubts this should visit the Milton Junction convention. Half an hour there will give him new ideas. He will find a body of hard-headed, quick-witted men, who never bind themselves to think the same thing today they did twelve months ago and who speak out in meeting if things do not go to suit them. He will find a lot of men better informed on general topics than are most of the people of the cities. He will go away understanding why the Rock county farming communities are so solidly republican.

## TWO COSTLY FAILURES.

For a trivial deficiency in one of his cruisers honest old John Boach was hounded to a bankrupt's grave by the first Cleveland administration. Bitterness is lent to the thought by the fact that two war vessels have recently disappointed federal and public expectation—the government-built battleship Texas and the experimental harbor defense ram Katahdin. The examining board has at last made known the structural weakness of the Texas, while the Katahdin has been admittedly a failure from the day of her first test.

## NO MONEY TO WASTE.

The new republican governor of New Jersey, who was inaugurated Wednesday, set a good example by refusing to have the National Guard massed for the occasion. He declared such demonstrations a useless expense to the state. When New Jersey last inaugurated a republican governor, some thirty years ago, there were great pomp and circumstance. New Jersey has wiser uses for her dollars now, and he is a far-sighted executive who starts out with a recognition of this truth.

## THE CHURCH MILITANT.

Te Rev. Morrill Twins are not the only clerical fighters. Speaker Reed is understood to be growing restless under the disposition of the chaplain of the house to involve the country in foreign complications. As a closure on the prayers might not be relished by the country, the only way out apparently, is through an amendment to the rules whereby the chaplain's contemplated invocations should first be passed upon by the committee on foreign affairs.

## EARLY RUSTLES OF SPRING.

There is not much spring in the air, but the trade atmosphere has already begun to thicken with unmistakable signs of spring. The silks that will dazzle the Easter promenade are already being exploited. If the advertisements do nothing more, they compel everybody to take thought of the future; and if this be not the first law of thrift, it is a very good second.

Should the bill making it a misdemeanor for a lobbyist to enter the capital building at Washington become a law and be strictly enforced some senators and representatives would have to choose between lobbying and serving in congress instead of combining the two as they now do.

Nobody in Janesville can afford to stand in the way of the reorganization of the Carrington affairs. A dozen men like Mr. Carrington would double Janesville's importance, and whatever is done in the interest of his continuance in business will be in the interest of the whole city.

Speaker Reed has but one plank in his platform, so far, and it seems to be one nobody can criticize. He rests content with the declaration that "Mr. Cleveland is responsible for our present financial troubles."

Governor Morton may be a trifle old, but he is young enough so he would have saved the country a good many millions of dollars had he been in the presidential chair for the last three years.

One would suppose that Carlisle had made a bad enough mess as secretary of the treasury without trying to pose as a candidate for the democratic presidential nomination.

The semi-official publication of the statement that Great Britain is not seeking an alliance with any power indicates that John Bull has been turned down by them all.

The gentlemen who have been laboriously declining a third term nomination for Mr. Cleveland are still waiting to hear from Mr. Cleveland.

Yes, for once the croakers are right; that senate Monroe doctrine resolution is intended for effect—effect upon European doctrines.

If the populists in congress didn't make an occasional fool speech they would be charged with having deserted their party.

It is fortunate that the fate of the republican party does not depend upon the united action of republican senators.

If conferences could settle the question the silver men would long ago have ended the financial discussion.

## TWO GOOD MEN LAID TO THE FINAL REST

FUNERALS OF DR. MENZIES  
AND L. H. BECKER.

Former Was Held at His Late Home,  
on South Main Street, While The  
Latter Occurred at Freeport, Ill.  
—Demise of Thomas Sabin—Other  
Deaths.

Two of Janesville's best citizens  
were laid to rest this afternoon,  
when Dr. Hugh Menzies and Leod H.  
Becker were consigned to the grave.  
Both funerals were held at 2 o'clock  
—one in Janesville, and one in Free-  
port, Ill.

The funeral of Dr. Menzies was  
held from his late residence, 156  
South Main street, and was largely  
attended. Rev. E. H. Pence, pastor  
of the Presbyterian church, conducted  
the sad services, and at the conclusion,  
the remains were taken to Oak Hill  
cemetery for interment. The floral  
tributes were especially handsome,  
among them being a piece sent by  
the physicians of the city and a very  
beautiful broken column from Dr.  
Menzies' associates on the Palmer  
Memorial hospital staff. The physi-  
cians were present in a body, wearing  
white gloves and black and white  
rosettes. The Masonic fraternity  
also attended and every part of the  
county was represented in the assem-  
blage.

The pall bearers were David McElay,  
Thomas Jameson, Robert Barless, Dr.  
H. H. Dickinson and A. Dickinson.

A resolution adopted by the physi-  
cians of the city read as follows:

WHEREAS, Death has removed from  
us our esteemed citizen and colleague,  
Dr. Hugh Menzies, and in this hour of  
sorrow, we desire to express our ap-  
preciation of him as a citizen and a physi-  
cian.

WHEREAS, The medical profession  
has lost one of its most faithful stu-  
dents and truest friends.

Resolved, That with deep sorrow  
and a sense of our own loss we offer to  
the bereaved wife and family our ten-  
derest sympathy.

In behalf of committee,  
W. H. Judd, Chairman.

Funeral of L. H. Becker.

All that was mortal of Leod H.  
Becker was laid to rest in the cem-  
etery at Freeport, Ill., this afternoon,  
the funeral being held from the Pres-  
byterian church at that city at 2  
o'clock. The Knights Templar were  
in charge of the ceremonies. A special  
train left Janesville at 10 o'clock,  
bearing Knights of Pythias, Knights  
Templars and others to attend the  
funeral. Those who went were:

Thomas Sabin died at his home, No.  
11 Pease's court, at 4:10 o'clock, yes-  
terday morning, of Bright's disease,  
aged forty years. Mr. Sabin was born  
at Oxford, England, February 20, 1856,  
and was a miller by trade. He came  
to Janesville from Minneapolis about  
six years ago and during his residence  
in this city he found many friendships.  
A widow survives him but they had no  
children. The funeral will be held  
from the house Saturday afternoon at  
2 o'clock and will be of the Episcopal  
form. The interment will be in Oak  
Hill cemetery.

Funeral of Lyman Inman.

The funeral of Lyman Inman will  
be held from his late residence in the  
town of Newark Saturday morning at  
10:30 and the interment will be in  
the Plymouth cemetery. Mr. Inman  
had resided on his homestead for  
forty two years. He leaves a widow  
and five daughters, Mrs. Henry Tripp  
of Rock township, Mrs. A. L. Smith  
and Mrs. Everett Wilson of Beloit and

Newark township.

A CERTAIN Janesville woman re-  
fused to pay her subscription to the  
Y. M. C. A. because there was a  
bowling alley in the building, and  
"bowling alleys led young men to  
frequent saloons." A Janesville man  
was similarly affected too, and threw  
up his hands in holy horror, but the  
alley has not yet been removed.

OF W. S. Battis, who appears on  
the program at the Burns anniversary  
tonight the Madison Democrat says:  
"Mr. W. S. Battis possesses great  
dramatic ability, is a good speaker,  
and has a pleasant, penetrating voice,  
and well-merited the encores he re-  
ceived. He was called out the third  
time. His Irish selections abound in  
wit, humor and numerous 'bells.'  
He possesses a rich, mellow brogue,  
and was frequently interrupted with  
great applause and laughter. His  
selections were well made and pleased  
immensely."

## TWO PAUPERS WED AND DISPLAY CASH

HOUSE INMATES.

They Go to Four Ministers But Are  
Refused—Finally the Words Are  
Spoken and They Start for Mil-

Who is Poverty that he shall block  
the path of Love?

That's what J. Baker and Lena

poor farm behind them and started off

The couple wanted Rev. S. Halsey  
to marry them but he refused.

Three other pastors refused, but  
they convinced Rev. Mr. Kaempfein,  
of St. John's church, that there was  
no impediment, and he joined them in  
wedlock.

They went to Milwaukee on their  
wedding tour, and just before they  
left, the groom paid a liveryman from  
a roll of greenbacks as big as his arm.

"There was \$800 there if there was  
a cent," said the liveryman. "And  
before he paid me he tried to make  
me turn the bill over to the county."

have for calling Dodge an old all-

without touching any one of them."—

## BLACKSMITHS OUT AFTER DEAD BEATS

LOCAL ORGANIZATION FORMED  
LAST EVENING.

Mutual Protection Against People Who  
Can Pay and Won't Pay is The  
Object of the Movement—Much  
Money Is Lost on Bad Janesville  
Accounts.

Local blacksmiths are following in  
the footsteps of the doctors. They  
met last evening to organize for mu-  
tual protection against dead beats.

The meeting was held in the Dodge  
street shop of E. D. Moseley.

"You would be surprised to see the  
list of people on my books," remarked  
a local shoer this morning. "Many of  
them live right here in the city,  
and are supposed to be the people  
of the town, yet they are the very  
ones who never pay for their shoeing."

There were no committee appointed  
last evening, but those who were present  
will push the matter vigorously.  
The next meeting will be held Monday  
evening.

TWO HEARTS BEAT AS ONE

**BOTHERS THE YANKEES.**  
Spanish Pronunciation Proves Puzzling to a Party of Chicagoans.

From the Albuquerque News: Five Chicagoans arrived at Albuquerque, N. M., one day late in August. They were taken in charge by Frank Blake, a Chicago boy, who has lived in the west for some years, and were soon shown all the sights of the quaint old town. As they walked along the principal street Mr. Jamison looked up at a building and remarked: "El Jornada hotel, nice building." "Yes," said Blake. "But you must pronounce it right. It is El Hornada in the Spanish tongue. J is always H out her." "That's so?" answered Jamison. "Funny custom. What's this church here?—the cathedral of San Juan?" "San Juan," corrected Blake. Mr. Jamison looked pained, but accepted the correction. A moment later he broke out again. "What's this? La Jolla?" "La Holla," spoke the ready mentor by his side, and Jamison's eyes began to roll. So it went through the whole town. Blake corrected Jamison at every turn. When they all got back to the hotel Jamison had a strange, drawn expression on his face, but nobody paid much attention to him. He went into the dining-room and called a waiter. "Bring me," said Mr. Jamison, in slow, measured accents, "some fricasseed hack-rabbit, with apple helly, and let me have a mint hulep before the meat, please." The waiter stared at him and somebody at the next table snickered. That was the last straw. The Chicago man sprang to his feet ablaze with indignation. "By hingo," he thundered. "What infernal hackass dares criticise my Spanish hargon? By the great humping Hudas, I'm Him Hamison of Hackson boulevard, and I'll give some of you fellows a swift holt in the haw in about four seconds! Oh, yes, I suppose you think this is a higanitic hoke, but I don't. You're having lots of hoy with me, but I'll come over there and hoin in this hovial ham-boree in about half a hiffy if you don't quit your hoshin! I'm no hay, and I don't come from New Hersey. If my friend Horge Henny of the Marquette club was here we'd do some hugging with you hackals, and don't you forget it—" Here the waiters and the rest of the Chicago delegation dragged Mr. Jamison away. He recovered under careful nursing, but made all haste to get out of New Mexico as soon as he could catch a train.

**CLEARED HIS CLIENT.**  
How a Western Lawyer Overcame the Preponderance of Evidence.

From the San Francisco Call: "My first case," said a well-known attorney, "was the defense of a negro preacher in Missouri who had been arrested for stealing wood from a railroad company. A great deal of fuel had been lost from time to time, so when the culprit was arrested the company was so anxious to make an example of him that it employed special counsel and prosecuted the case vigorously. The evidence against the old man was convincing. He had been seen sneaking around the wood-pile and was arrested while carrying off a load. "I had subpoenaed about twenty well-known business men to testify to the previous good character of the defendant. When the prosecution's case was closed I put one on the stand and asked: "Do you know the defendant's reputation for honesty and integrity?" "Yes," was the answer. "What is it—good or bad?" "Bad. He will steal anything he can get his hands on." "A titter ran through the courtroom. It wasn't the answer I had expected, but it was too late, so I put on a bold front and called another. He testified, as the other witness had, and the prosecuting attorney rubbed his hands with satisfaction. Before I got through with my witnesses I proved that my client was a most notorious thief, who was never known to neglect an opportunity to steal something, no matter how trifling it might be. Then I called a couple of physicians, proved the existence of a mental disorder known as kleptomania, read some authorities to show that it was a good defense if proved, and submitted my case. The old preacher was acquitted, and thereafter stole with impunity, for he considered his acquittal in the face of facts equivalent to a license to steal."

**The First Judge a "Corker."**  
As Thomas P. Wood, a resident of Brooklyn, was passing Park row on crutches one day in March, 1894, one of his crutches caught in one of the manhole covers used by the Third Avenue Railroad company. He fell and was severely injured. He sued the company in the supreme court in Brooklyn and recovered a verdict of \$2,000, which the trial judge set aside on the ground that the company could not be held liable for such accidents. The case was appealed, and now the general term reversed the ruling and directed the recovery of the verdict. Justice Pratt, writes the decision, holds that the public highway is made for people on crutches as well as others.

**Squirrel Returned with Winter.**  
Early last winter a man in Bucksport, Me., caught a young squirrel, put it in a cage and made a pet of it. The animal became very tame, and was permitted to have considerable freedom. It never seemed disposed to take to the woods again, so long as the cold weather lasted. But in the spring it disappeared. A week or so ago the squirrel returned and took up its quarters in the cage again. Some people, claiming great knowledge of squirrels, appear to doubt the accuracy of this story, but the man who tells it has a squirrel and a cage to show for it, and only regrets that squirrels can't talk.

**STRENGTH FROM FOOD**  
But the Food Must be Digested.

There is no way to get strong without food. Food is the strength maker. Just enough food, properly digested, makes the strong and healthy man or woman. Too much, too little, or even the right quantity, not digested, will make anybody weak. The beginning of all sickness is weakness. The beginning of all weakness is indigestion. So to keep strong, look after your digestion. That is the most important point of all. When your food ferments in your stomach and forms gas, causes dizziness, nausea, bad taste, sick headache, full feeling, nervousness, irritability, etc., you have indigestion. You are losing a part of your life. Every hour you are sick causes a loss of strength. The way to cure it is to take Shaker Digestive Cordial. A few doses will relieve. If you take it long enough you will regain the strength you have lost. Shaker Digestive Cordial is made from herbs and plants by the Shakers of Mount Lebanon. It contains very strong digestive tonic properties. It creates strength. It makes your food make you strong and bright and healthy. It clears your complexion and strengthens your body against disease. If you want to get strong and well, try a bottle. Sold by all druggists at 10, 25, 50 cents and \$1.00 a bottle.
